

[Geek Squad Mri 5 Download](#)

The screenshot shows the MRI Startup Manager application window. The title bar reads "MRI Startup Manager". The interface includes a menu bar (Home, Inspect, Tools, Options, Resources) and a toolbar with various icons for actions like Refresh, Undo, Filters, Disable Entry, Delete Entry, and Search Online. A central table lists startup entries with columns for Entry Name, Analysis, Arch, Signed, Start, Status, SM, SM w..., Company Name, and Description. The "BITS" entry is highlighted in orange. Below the table, the "Properties for 'BITS'" section is expanded, showing details for Entry Location (Key Path: HKLM\System\ControlSet001\Services\BITS), Entry Properties (User: All Users, Entry Name: BITS, Command: %SystemRoot%\System32\qmgr.dll), and a Startup Entry icon. The status bar at the bottom indicates "©2004-2010 Geek Squad. For Internal Use Only. Total: 178 Visible: 178 Hidden: 0" and "Recognized OS".
